PROCEDURE OBJECTIVE

This procedure provides guidelines for reimbursements to employees and students for approved purchases, vendor payments that are not processed with purchase orders, and payments for goods that were not purchased with a ProCard. Reimbursements paid by this procedure must not total more than two thousand dollars ($2000) per receipt and should not be travel-related.

RATIONALE

Purchases of some goods and services may not require a purchase order because best value may be obtained by procuring these goods or services by other means and because the ProCard cannot be used for all small purchases.

SCOPE

All UT Arlington departments who purchase the goods and services listed in this procedure and/or who reimburse employees or students for approved purchases not related to travel.
DEFINITIONS

**Computing Equipment**: Desktop, laptop and tablet computer.

**Controlled Assets**: Assets that do not meet the capitalization threshold but do qualify as property and must be secured and tracked due to the nature of the item. Controlled assets include non-consumable items having a value of $500.00 to $4,999.99 per unit, and firearms.

**UT Share**: The computerized accounting system used for processing payments.

**Tangible Goods**: Goods that have physical substance: anything other than real estate or money. Intangible goods, e.g. a checking account, lack this physical quality.

**Payment Voucher**: Service payment request or non-purchase order payment request in UT Share.

**Expense Report**: Reimbursement payment request in UT Share.

PROCEDURES

Section I. Approval Process
Account administrators are responsible for approving all electronic and paper payments that post to a cost center or project they administer. If an account administrator is not available to process electronic or paper approvals, approval authority is assumed by an individual within the unit who has delegated approval authority from the account administrator. For example, in the case of a Director level position, the approval authority is delegated to an Assistant Director. If an account administrator wishes to delegate authority in a manner that is different from this, a request must be emailed to the Chief Financial Officer and Vice President for review.

Section II. Reimbursements to Employees or Students
Reimbursements will be made to employees or students for approved purchases made on behalf of the University. These reimbursements are generated on an expense report in UT Share. Purchase orders are not used for these transactions.
A. Employees or students requesting reimbursement must provide the following supporting documentation:

1. An original receipt showing the date goods or services were received, a description, and the cost of the goods or services purchased along with any tax or tip is required. An original receipt, fully itemized, is required for meal reimbursements.
   
a. If an original receipt is not available, an explanatory memo may be prepared and forwarded with the reimbursement documentation. This memo must be approved by the same individual who will approve the online expense report approval form.

   b. If a memo cannot be obtained, notes on the electronic expense report or an email message from the account administrator or delegated approval authority approving the online expense report approval form will be accepted.

2. All meal and entertainment reimbursements require an Official Occasion Expense Form (Form 2-98). The form must be signed by the individual receiving reimbursement or by an account administrator or delegated approval authority. Meal reimbursements will comply with the following rules:
   
a. Alcohol cannot be purchased with funds generated from student tuition, fees or state appropriations.

   b. The maximum amount that will be reimbursed per person per meal is $50, all inclusive. Sales tax and a maximum tip of 20% may be added to the $50 limit. This applies to individuals in travel status within the contiguous United States as well as those in the Metroplex entertaining guests.

   c. Meals will not be reimbursed when only UT Arlington employees are in attendance, when in the Metroplex. Meals on campus, including College Park District establishments, are excluded and will be reimbursed.

   d. Sales tax will be reimbursed when dining in a restaurant or for catering (pick-up and delivery). Tips up to a maximum of 20% may also be added.

3. All memberships, dues or subscriptions require documentation of a benefit to the University.

B. Sales tax will not be reimbursed for any purchases of tangible goods. A Texas Sales and Use Tax Exemption Certification (Form 2-5) must be presented to the vendor at point of sale.

C. The purchase of equipment deemed to be a controlled asset requires correct GL account code and profile ID on the Payment voucher and timely notification to the Office of Asset Management.
1. The Office of Asset Management must be notified within 48 hours of the purchase of any controlled asset to ensure proper coding, tagging, and reporting. An Asset Information Form (Form 2-49) should be completed and faxed to the Office of Asset Management (Fax# 22199) with the invoice, sales receipt, or the packing slip.

2. Purchases for equipment that are controlled assets must be coded with the appropriate GL account code and profile ID when the Payment Voucher transaction for reimbursement is processed. All costs incurred (including freight, shipping, handling, etc.) are considered part of the total cost of the asset. Below is a list of the controlled assets and correct GL account codes to be used when processing the payment voucher:

3. For further clarification please call the Office of Asset Management at extension 22191.

D. Non-allowable reimbursements:

1. Computing Equipment - desktops, laptops and tablets

2. Receipts over $2000

E. An individual receiving reimbursement payment may not approve his/her own online expense report approval form. The following approval instructions for expense report must be followed when executive officers not on travel status are reimbursed for food and entertainment expense:

1. Individuals receiving reimbursement payment will either forward the online approval form to the account administrator or delegated approval authority for approval, or have the account administrator's or delegated approval authority's handwritten approval on the supporting paperwork.

   a. The following approval instructions for expense reports must be followed when executive officers not on travel status are reimbursed for food and entertainment expense. The President's expense report will be approved by one of the following officials or their designees:

   • Provost and Vice President for Academic Affairs
b. The President or his/her designee will approve expense reports for the following officials:

- Provost and Vice President of Academic Affairs
- Vice President for Administration and Campus Operations
- Chief Financial Officer and Vice President
- Vice President for Communications
- Vice President for Development and Alumni Relations
- Vice President for Global Educational Outreach and Extended Studies
- Vice President for Human Resources
- Vice President for Research
- Vice President for Student Affairs

- Director of Athletics
- Director of Government Relations
- University Attorney

c. The Provost or his/her designee will approve expense reports for the following officials:

- Vice Provost for Academic Analytics and Operations
- Vice President for Information Technology and Chief Information Officer

2. The authorized approver may either sign the paper document or approve the online approval form. The authorized approver's signature must be on the documents forwarded to Accounts Payable/Travel for reimbursement.
3. The executive officer requesting reimbursement must also sign the *Official Occasion Expense Form*.

4. An executive officer designee(s) may not be the approver for the executive officer to whom he/she reports.

F. If the expense report is being processed to reimburse for out-of-town registrations, the travel authorization must be included on the expense report. The same is true for direct vendor payment on payment voucher.

G. Employees may receive reimbursement checks by mail or by direct deposit based on default payment method established for payroll.

H. *Checks may be mailed to the home address of employees. Checks will not be mailed to a campus address except when requested by Bursar Services.*

**Section III. Payments to Vendors**
Payments made to vendors for products and services not processed with a purchase order are generated on a non-payment voucher in UTShare.

A. Payments to vendors require the following documentation:

1. An invoice showing the name of the company, the address for remittance, a description and the cost of goods or services, taxes charged (if any) and the amount due is required.

2. Payments for memberships, dues, or subscriptions require the documentation of a benefit to the University (the Central Library is exempt from this requirement).

3. Direct billing for meals/catering: Must be in accordance with *Food and Beverage Catering (Policy 5-309).* An *Official Occasion Expense Form (Form 2-98)* is required. The form must be signed by an account administrator or delegated approver. Notes: Meals will not be paid when only UT Arlington employees are in attendance, when in the Metroplex. Meals on campus, including College Park District establishments, are excluded and will be paid.

B. Payments for the following goods or services are authorized to be paid with university funds but should not be processed with a *purchase order*. Note: To support audit requirements, departments must obtain adequate supporting documentation for these expenditures including the invoice, source of pricing (a copy of the web site or catalog page, etc.) as well as packing slips, or other documentation verifying receipt. Forward the documentation to Accounts Payable, Box 19135.
