PROCEDURE OBJECTIVE

Procedure BF-T-PR1 provides procedural guidelines for requesting authorization to travel and obtaining permission to travel in accordance with applicable laws and rules. This procedure does not apply to individuals traveling for personal reasons with personal funds. This procedure distinguishes the difference between State Appropriated Funds and Local Funds. - Approves faculty requests for international travel that use state appropriated funds

Vice President for Human Resources

PROCEDURES

Section I. State Appropriated Funds vs. Local Funds

When planning to travel, one needs to determine the source of funding that will be utilized to pay for the travel. Chartfields containing money from the State of Texas are referred to as state chartfields and chartfields containing money from other sources (e.g., gift, scholarship) are referred to as local chartfields. **The Chartfield funding sources determine whether the cost center / project ID follows State Travel Rules or University Travel Rules.**

A. All travel using State Appropriated Funds (21xx Fund and some others) must use state travel rules.

B. Travel using Local Funds (non 21xx chartfield funds) usually follow the procedures set forth in the University’s Local Fund travel rules, except when a chartfield is specifically directed to utilize state travel rules or travel is prohibited.
Section II. Travel Authorization

A Travel Authorization is used to authorize business travel. The State regulations permit two purposes for travel:

- To benefit the University of Texas at Arlington, and
- The presentation of original research before a national, international, regional, or state learned society that has been approved in advance.

A. UTA Employees and Students

1. A fully approved Travel Authorization is required before a trip occurs, whether or not there is a cost to the university. 'Fully approved' indicates that all required workflow approvals have been completed. The Travel Authorization must clearly state how the university will benefit from the trip, including, but not limited to, what is learned that can be brought back to the classroom, or that it is beneficial to the performance of other duties, or other essential criteria.

   a. If the travel involved attendance at and participation in a meeting, the travel authorization must provide the name and date of the meeting, the sponsor, where it was held, and what benefits will inure to the University.

   b. In every instance, the description must include a very clear statement of what the traveler did and the names of the individuals contacted in addition to the benefit that inured to the University of Texas at Arlington.

2. The Travel Authorization is to be completed by the department and approved by the immediate supervisor or department head. A Travel Authorization should state the traveler's name, dates of travel, destination, purpose and benefit of travel, and the cost center/project ID to be charged for travel expenses.

3. The Travel Authorization encumbrance must reasonably reflect the anticipated cost of the trip. If there is no cost to the university, the Travel Authorization may reflect an encumbrance of $0.01.

4. The Travel Authorization is to be processed electronically in UT Share. For information on how to complete the Travel Authorization in UT Share please see Business Affairs UPK Training guides.

B. Prospective Employees/Consultant/Speaker/Independent Contractor

1. A Travel Authorization is only required when the following apply:

   a. Paying for airfare booked through one of the University's dedicated travel agencies (ref. Travel Services – Travel Agencies, Airfare, Car Rentals and Hotels, Procedure BF-T-PR8)
b. Reimbursing the non-employee for approved travel expenses

2. If required, a Travel Authorization must be fully approved prior to the start of a trip. 'Fully approved' indicates that all required workflow approvals have been completed by the department and approved by the immediate supervisor or department head.

3. A Travel Authorization should state the traveler's name, dates of travel, destination, purpose and benefit of travel, and the cost center / project ID to be charged for travel expenses.

4. The Travel Authorization encumbrance must reasonably reflect the anticipated cost of the trip.

5. The Travel Authorization is to be processed electronically in UT Share. For information on how to complete the Travel Authorization in UT Share please see Business Affairs UPK Training guides.

C. Corrections, Changes, and Unauthorized Travel

D. If any of the circumstances below apply to a Travel Authorization, use Travel Authorization Form (Form BF-T-F7) and attach to the Expense Report when settling travel. Note: This form will be used in lieu of submitting an Exception to this Procedure.

   1. Travel Authorization was not final approved in UTShare prior to the first day of travel
   2. Travel Authorization was not created in UTShare prior to first day of travel
   3. Change in travel dates of two (2) or more calendar days
   4. Change to destination/location

Note: Corrections related to the Travel Authorization encumbrance will require submission of the Travel Authorization Form to travelservices@uta.edu

Section III. Executive Management Travel

A. The Chief Administrator (President) of UTA, and/or his/her designated representatives are eligible for reimbursement of all expenses incurred while in travel status on university business. The following approval matrix must be used when Executive Management Travel is approved:

<table>
<thead>
<tr>
<th>Officer Requesting Reimbursement</th>
<th>Approver</th>
</tr>
</thead>
<tbody>
<tr>
<td>President</td>
<td>Chief Financial Officer and Vice President</td>
</tr>
</tbody>
</table>
B. The President is entitled to be reimbursed for actual meal and lodging expenses incurred while performing the duties of the office. If the President is being reimbursed for meal and lodging expenses incurred inside the contiguous United States, then the maximum amount of that reimbursement is equal to twice the amount that could be reimbursed to a regular university employee (ref. CPA TexTravel Policies).

C. One or more university employees may travel with the President to a particular meeting or conference. The reimbursement of expenses incurred within the contiguous United States for meals and lodging is limited to twice the amount that could be reimbursed for regular university employee travel. The reimbursement for expenses may be paid even if the itineraries for the President and the employee(s) receiving the reimbursement are not identical. For example, it is not necessary for both individuals to fly to the duty point on the same flight. (ref. CPA TexTravel Policies)

Section IV. Spousal Travel

A. Spouse of the President
Travel expenses for the spouse of the President are governed by UTS120, Spousal Travel Policy.

B. Spouse of Other University Employees:
   1. Eligible Reimbursements
      Occasionally, travel, meals and expenses of the spouse of other University employees will be deemed to be for a bona fide business purpose, and a benefit to the University. Under these circumstances, and with the prior written approval of the President, the spouse is entitled to reimbursement for the allowable cost of travel, meals and incidentals expenses in accordance with Procedure BF-T PR3 Meals, Lodging, Travel, Expenses and Other Fees.
for Travel for State Appropriated and Local Funds. No state appropriated funds may be used for reimbursement.

2. Conditions for Reimbursement
The propriety of reimbursement is dependent in part on the nature of the employee’s office, the spouse’s traditional role, the purpose of the particular trip, and the spouse’s connection with that purpose. For example, the presence of the spouse of a vice president or a dean may be necessary at a major event where attendance by spouses is customary and expected.

Section V. Cash Advance for Travel

A cash advance is available for a traveler on official UTA business. The Internal Revenue Service (IRS) requires the University to issue travel cash advances within the requirements published in IRS Publication 463, Travel, Entertainment, Gift, and Car Expenses.

IRS allows issuance of a cash advance for travel expenses within 30-calendar days of the travel expense. In order to ensure compliance with the IRS restrictions, the traveler must comply with the following procedures for the issuance and reconciliation of a cash advance.

The cash advance is a promissory note, and must be acknowledged by the traveler that:

- they accept the travel cash advance terms;
- acknowledge all travel rules; and
- will repay unused funds upon the completion of the trip.

A traveler may be eligible for a cash advance if any of the following are true:

- The cash advance request is a minimum of $100.00
- The destination is in an isolated area or region with limited access to suppliers or services that accept credit cards.
- Travel is for an extended period of time.
- A faculty member takes a group of students overseas for educational purposes, such as for a study abroad program.
- It would be a financial hardship for the traveler to pay the travel expenses out of pocket.

A. How to Request a Travel Cash Advance
Travel cash advance requests must be submitted to Travel Services Office at least seven (7) business days, but no more than thirty (30) calendar days prior to the first date of travel. To request a travel cash advance, take the following steps:

1. Traveler must have a fully approved UTShare Travel Authorization completed.
2. Create and submit for approval a Cash Advance in UTShare. The travel cash advance amount cannot exceed the estimated cost of expenses given in the
Travel Authorization.

3. A Cash Advance must be certified by the traveler and approved by both the traveler’s supervisor and Travel Services in UTShare before the payment will be released.

**Note:** A Cash Advance to an individual student requires the student to have a validEMPLY ID prior to processing the Cash Advance voucher.

B. Travel cash advances are not *normally* made under the following conditions:

1. When the employee or student has an outstanding advance.
2. When the traveler is a Non-employee or Prospective Employee.
3. The travel cash advance requested is less than $100.00.

C. Methods of distribution for approved travel cash advance:

1. **Cash Advance Check**
   Travel cash advance checks are held for pick-up at Student Accounts Office, Room 130 Davis Hall.

2. **Direct Deposit**
   When this method is used, the funds will be deposited into the travelers' bank account approximately 2-3 days after final approval of the cash advance.

D. Reconciliation

1. **Returning Unused Travel Cash Advance Funds**
   All unused funds related to a travel cash advance must be repaid and deposited by the traveler or department at Student Accounts Office, **no later than 30 calendar days after the last day of travel**. Deposit the unused funds into Cost Center 129009, Dept. 320106, Fund 2100, Function999, with the GL Account Code 11650.
   Forms of repayment for unused funds accepted are:
   - Cash (must be exact change)
   - Check
   - Traveler’s Check
   - Money Order

2. **Reconciliation Timelines**
   - **Within 30 Calendar Days:** All unused funds related to a travel cash advance must be repaid and deposited by the traveler or department, at Student Accounts, no later than 30 calendar days after the last date of travel.
More than 60 Calendar Days: Travelers that reconcile travel cash advance funds more than 60 calendar days after the last date of travel will be subject to income and employment taxes.

NOTE:
Additional requests for travel cash advances will not be processed until all prior cash advances have been reconciled. Also, if the traveler routinely does not reconcile travel cash advances/Expense Reports in a timely manner, the traveler may be subject to refusal for future travel cash advances.

Section VI. Washington, D.C. Travel

All University travelers that travel to Washington, D.C. for activities that involve obtaining or spending federal funds or that impact federal policies, and are using state appropriated funds for travel, are required to inform the Office of State-Federal Relations (OSFR) about the trip. The traveler must include information about the timing and purpose of the trip and provide OSFR with the name of an individual who may be contacted for additional information.

A. Go to the OSFR website and click “State Funded Travel to DC”. The traveler must download, print and fill out the State-Funded Travel to DC Form, and email to OSFR@gov.texas.gov

B. When creating the UTShare Travel Authorization, select YES in the field *Are you doing business in Washington, DC?, and indicate the purpose of the visit as given in the dropdown menu. Additionally, attach the State-Funded Travel to DC Form to the UTShare Travel Authorization.

Section VII. International Travel - State Funds Only

If using state appropriated funds, the Travel Authorization is to be pre-approved by a person authorized by the President of the University to act in the official capacity of approving international travel. Currently either the Provost and Vice President for Academic Affairs, or Vice President for Human Resources are authorized to approve international travel using state appropriated funds. An email reflecting approval for travel must be attached to the Travel Authorization in UTShare.

Only the use of state appropriated funding requires that the international request be submitted and approved 30 calendar days in advance of the departure date.

Note: When traveling to Alaska, Hawaii, and U.S. territories and possessions, or when using a local chartfield for international travel, pre-approval is not required.

For more information regarding international travel, please see International Travel (Procedure 2-83-2).

Section VIII. Exceptions to the Procedure

Exceptions to the travel cash advance policy must be documented in writing and approved by the Associate Vice President for Business Affairs and Controller. The request must be submitted using the BA Exceptions Tracker Request menu located in SharePoint. Each request must include detailed justification for the exception and the benefit to the University if the exception is granted. Documentation of the request and its disposition will be maintained in
the Business Affairs online policy exceptions files. In every case the account administrator is responsible for ensuring that all travel and charges are appropriate and support the mission of the University.

RATIONALE

Travel rules and policies come from a variety of sources including the State of Texas Travel Regulations Act (Chapter 660 of the Texas Government Code), the General Appropriations Act, the State Comptroller's Office, and the Board of Regents' Rules and Regulations.
The chartfield funding source for travel determines whether the chartfield follows UT State Travel Rules or UT Local Travel Rules. Thus, one must distinguish (prior to travel) the difference between the two types of chartfields and how to determine if a chartfield follows state or local travel rules. Travel to benefit the University or for University business must be approved prior to travel. Moreover, further approval must be acquired from a departmental head, Chief Administrator, and/or their designated representative prior to international travel or travel to Washington D.C. (Please note that the procedure does include the few exceptions when obtaining approval for travel.)
