E. The Office of Human Resources will make arrangements with the Director of Payroll to pick up the final checks, which may include paid sick and vacation leave, if applicable, in order to deliver it to the family.
III. **Sick Leave**

In the event of the death of an employee who has an accrued sick leave balance, the estate will be paid for one half of the accrued sick leave balance or for three hundred thirty six hours of sick leave, whichever is less. The payment will be calculated at the employee’s rate of compensation at the time of death.

IV. **Termination Date**

Payment will be made for a full day of sick leave on the day that death occurs, regardless of the time of death. If the death occurs on the first of a month, then the premium sharing will be applied to cover all or a portion of the insurance premium regardless of whether or not the first of the month is a regular working day.
